PRX NATIVE COIN

The concept of a Native Coin typically designates the primary cryptocurrency linked to a specific blockchain or platform.

Bitcoin (BTC) on the Bitcoin blockchain: Bitcoin stands as the native coin within the intricate network of Bitcoin.

Ether (ETH) on the Ethereum blockchain: Ether takes center stage as the native coin powering the Ethereum platform.

PRX Native Coin plays a pivotal role in the operation of POWERXONE Blockchain, frequently utilized for transaction fees, executing smart contracts, or serving as a foundational store of value within its unique ecosystem.

XONE Coin
